Enhancing Our Community
through Drainage, Parks & Trails

January 2024

MLK Celebration of Peace at Central Green

Participate in a community art project in celebration of Martin Luther King's enduring legacy at Central Green's MLK Celebration, Saturday, Jan. 13 from 1-4 p.m. This year's theme is peace, with the Endurance Gospel Quartet performing at 1 p.m. followed by DJ entertainment, including a playing of King's "I have a dream" speech, plus games, crafts and giveaways. The afternoon will wrap up with jazz performers Ronnie Coleman Jr. and Merlot. "Central Green has an amazing 2024 line up, featuring several festivals, a night in Havana, a music series, and your favorite events even larger," said Central Green Parks Manager Yvonne Arceneaux. For the latest, visit [@WFDDCentralGreenPark](#) on Facebook.

Trail Closures/Detour for Grand Parkway Improvements

1.5 mile detour vs .5 mile for underpass

You can't miss the construction on Grand Parkway/TX-99, but when on the trails, watch for closings and detour signs as construction progresses. Most notably, the trail underpass at Buffalo Bayou and TX-99 is closed for the foreseeable future, requiring a detour to continue the trail from either direction. Additional areas affected that may impact drivers, pedestrians and cyclists include the continuous U-turn at Cinco Ranch Blvd., north to south, and sidewalks at Buffalo Bayou.

Central Green Open During Improvements

WFDD's Central Green opened just over 10 years ago as a public gathering place for residents, family and friends with year-round free programming. During the next couple months, maintenance and improvements, including electrical, irrigation, paving and stonework, installation of railing, and planter construction, will take place but the space will remain open. Some areas may be barricaded, and cautionary signs will be posted, so please watch children when visiting and make sure to avoid these areas for safety, even if workers are not present or the area looks open, as some of the improvements are not easily visible. While we do not anticipate events and classes to be affected, check the [Central Green calendar](#) and Facebook [@WFDDCentralGreenPark](#) for the most current schedule.
